## SMALL'S ATTORNEYS LOSE FIGHT TO KEEP EVIDENCE FROM JURY

Letters, Receipts, Checks and Other Papers  
Bearing on Bond Purchases in 1918 and  
1920 Were Admitted by Court—State  
Seeks to Show Bonds Bought for Small

(By The Associated Press)  
WAUKEGAN, Ill., May 31.—Governor Len Small today lost his fight to keep from the jury trying him, letters, checks, receipts and other papers bearing on his purchase in 1918 of \$60,000 in Armour & Co. bonds and in 1920 of \$30,000 in Whiteside school bonds.  
Judge Edwards overruled objections of the defense that carbon copies of letters alleged to have been sent to the governor by the Continental & Commercial National Bank, Chicago, from which he purchased the bonds, were not competent as evidence. The carbon copies had been identified by their authors after the defense had failed to produce the originals on demand of the state.  
Reading of the evidence—the first tending to link the governor directly with the transactions in state funds—overshadowed the rest of the day's testimony. At the morning session Harry M. Swanner, auditor of the Live-stock Exchange Bank identified notes, checks and deposit slips and other papers involved in the purchase of \$26,348,500 in packers notes with money deposited by the state treasury in the Grant Park bank.

## BEGAN PROBE OF WAR FRAUD CASES AT WASHINGTON

Deliberations Started  
by Special Federal  
Grand Jury

(By The Associated Press)  
WASHINGTON, May 31.—Investigation of the so-called war fraud cases began today before a special grand jury when United States Attorney Gordon presented as the first of the government's series of cases dealing with war time contracts that involved disposal of surplus lumber by the quartermaster corps of the army. Without a recess intervening the grand jury empaneled under a recent act of congress sat for four hours, the deliberations being accompanied by secrecy usually surrounding such proceedings. Extraordinary precautions were taken to prevent leaks.  
Attorney General Daugherty announced that at no time during the progress of the grand jury investigations would he divulge information concerning its activities nor the names of the cases presented and District Attorney Gordon declared that all officials connected with the inquiry were sworn to secrecy and that he could not say what case would be the first in which the government would ask indictments. One of the acts was to subpoena all available papers and records bearing on the lumber cases. Witnesses were on hand to testify but their names were withheld.  
An announcement issued from the attorney general's office disclosed that he had conferred with Chairman Graham of the house committee which conducted the inquiry into war expenditures and that he "also had a conference with ex-Governor Deneen of Illinois, in connection with these cases."  
"The department is not ready at this time to make any further announcement in this connection," the statement added.

## SOLDIER BONUS MEASURE READY FOR THE SENATE

Several Amendments  
Made by Senate Finance Committee

(By The Associated Press)  
WASHINGTON, May 31.—The house soldier bonus bill amended in several important particulars out with the much discussed bank loan provision retained was approved today by the senate finance committee by a vote of 9 to 4. Chairman McCumber proposes to report the measure to the senate within a few days and said he hoped to get action on it before the passage of the tariff bill.  
The more important alterations made in the house measure were:  
The changing of the effective date of the legislation from next October 1, to January 1, 1923.  
Removal of the time limitation on the filing of applications by the world war veterans for adjustment of service compensation.  
Abandonment of the reclamation plan and the substitution of a provision under which veterans would be given preference in making entry on public or Indian lands when opened to entry.  
Elimination of the forfeiture provision under which veterans failing to repay loans made by banks of the government on adjusted service certificates would have forfeited their certificates.  
Under the amended bill such veterans could reclaim their certificates at any time before their maturity 20 years from the date of issue upon payment of the sum they were in default plus interest at 4 1/2 per cent compounded annually.  
Approval of the altered house measure commonly called the McCumber plan was voted by the committee after rejection 6 to 5 of a measure offered by Senator Smoot, ranking committee Republican proposing paid up life insurance in lieu of all other forms of compensation.  
Committee members supporting the McCumber bill were: McCumber, McCumber, LaFollette, Watson, Curtis and Sutherland, all Republicans and Simons, Watson (Mass.) and Gerry, Democrats.  
Senator Simons, ranking minority member, said the Democrats supported the McCumber plan not because they favored it but to obtain quick action on bonus legislation.  
Did Not Consider Harding's Views  
Neither President Harding's views with respect to the bonus nor methods of financing the legislation entered into committee discussion senators said. Leading proponents of the McCumber plan expressed the belief that this plan would prove not unacceptable to the executive since it called for no heavy expenditures during the next three years that would require either new taxes or any large drafts on the treasury.  
Chairman McCumber said that after the first three years the necessary funds probably could be supplied from interests on the refunded foreign debt. As now drafted the bill is simply a charge against the federal treasury. Present plans for calling up the bonus bill in the senate are indefinite.  
The bill is certain to lead to a long fight in the senate. The Democrats express themselves as not all pleased with its present form and have indicated that they will have several other amendments to offer.  
Under the bill as the senate will receive it the amount of compensation credit for veterans will be computed on the length of service, less the \$50 bonus paid the men at the time of their discharge from the service but would not exceed \$500 for those who had only domestic service and \$625 for those who saw service overseas. A cash bonus would be paid only to those veterans whose total credit did not exceed \$50.

## Commission Gives Germany Moratorium

(By The Associated Press)  
PARIS, May 31.—The reparations commission tonight fully approved the German reply to its ultimatum and definitely decided to grant Germany a provisional moratorium for the year 1922.  
The text of the commission's letter to Chancellor Wirth and also its decision were issued after a session lasting many hours. The decision was unanimous. French delegation joining it it despite the report of opposition from a section of the chamber which had caused deep concern in commission circles.  
The action taken by Germany to put its finances on a sound basis and eliminate as much as possible the wholesale printing of paper money constitutes a serious effort to meet the committee's requirements the decision says.  
Regret is expressed that Germany did not begin at an early date steps in this direction.  
In its letter to Chancellor Wirth the commission states that in view of the importance of an immediate decision on the question of postponement of payments, the commission felt justified in taking prompt action notwithstanding the fact that the several points Germany's answer required further elucidation.  
The commission informs the German chancellor these matters will be dealt with in another communication but it is indicated that these matters are of minor importance and will have no effect on the present decision. In making the decision to grant partial postponement of payments in 1922 beginning June 10 the commission says:  
"The commission recalls that the postponement now confirmed remains liable to be cancelled at any time in accordance with its previous decision."  
The commission further reserves its right to cancel postponement if it becomes dissatisfied with the progress made in the settlement of matters still outstanding or failing to carry thru the arrangement in regard to the floating debt specified in the chancellor's letter of May 28, or because of inability to obtain the assistance of a foreign loan, Germany does not make alternative regulations for dealing with the budget deficit and the floating debt.

## MRS. M'CORMICK STARTS FIGHT TO STOP MARRIAGE

Says Oser is Marrying Daughter for Financial Gain

(By The Associated Press)  
CHICAGO, May 31.—A determined battle to prevent the marriage of Mathilde McCormick, 17, prospective heir to millions to Max Oser, Swiss riding master, was begun in court today by Mrs. Edith Rockefeller McCormick, the girl's mother and divorced wife of Harold F. McCormick millionaire head of the International Harvester Company.  
Asking a restraining order from probate court to prevent the marriage because of her "tender age," Miss Mathilde might "become the subject of machinations and intrigues of designing persons." She added that Oser, being a poor man desired the marriage primarily because he believed "in so doing he will secure large sums of money and financial gain."  
The motion was made in Mr. McCormick's answer to the application of her daughter for appointment of Mr. McCormick as her legal guardian. Under the Swiss law consent of the guardian or both parents of a minor is necessary for marriage.  
Judge Horner declined to grant even a temporary restraining order but continued the hearing of the motion until June 3, meanwhile under bonds of \$20,000. Mr. McCormick's counsel Edwin H. Cassell, agreed that the guardian's consent to his ward's marriage would not be given before the hearing.  
Charles S. Cutting attorney for Mrs. McCormick indicated that he would use every legal means to block consent to the international marriage, by which the grandchild of John D. Rockefeller would become the bride of Oser.  
"Of course there is a great deal of evidence that cannot be presented at the hearing June 3," he told Judge Horner. "Much of it is not in Chicago. We can only set up what we have learned and if the court decides it is serious enough to warrant, the evidence can be presented later."

## SOUTH AMERICAN DIPLOMATS GET EUROPEAN HABIT

Cannot Agree But Leave  
Way Open for Further Talk

(By The Associated Press)  
WASHINGTON, May 31.—Peru's proposal to arbitrate the long dispute, sovereignty of Tacna-Adica has failed of complete acceptance by Chile but the Chilean response as presented today in the Chilean-Peruvian conference makes possible further discussion. In principal the Chilean plenipotentiaries are understood to have signified their willingness that arbitration be employed in reaching a settlement.  
To arbitrate the question of whether a plebiscite should be held in the contested province as provided in the treaty of Ancon, was viewed by Chile in her reply as quite another matter. According to the Chilean attitude the arbitration should more properly take the form of determining in what manner the plebiscite is to be carried out. In no quarter was the Chilean response looked upon as her final word and optimism over the prospects of an agreement still was professed tonight on both sides.  
Both delegations intimated that they regarded the negotiations as having reached a stage too delicate to permit of public comment.

## MEXICAN SITUATION QUIET AT LAREDO

(By The Associated Press)

The plan adopted at the general meeting calls for agreements between Mr. Hoover and the different committees upon fair prices for coal at the mines in their respective districts based on the Garfield scale as modified by local conditions. Moral suasion will be relied upon by Mr. Hoover to keep the agreements in force for the duration of the strike, it was indicated.

## TWELVE BALLOONS GET AWAY AT MILWAUKEE IN NATIONAL RACE

Roy Donaldson of Springfield Landed After  
Four Mile Flight—Some of the Craft Head  
Due South—Helium Filled Balloon Pilot  
Expects to be in the Air for Ten Days

(By The Associated Press)  
MILWAUKEE, Wis., May 31.—Twelve gigantic gas bags tonight were sailing thru endless uncharted areas of upper air as participants in the thirteenth national balloon race which started here this afternoon and ends for each navigator whenever and wherever it becomes necessary to return to earth.  
Thirteen pilots took balloons into the air, but the sky pilgrimage for one, Roy Donaldson of Springfield, Ill., ended almost as soon as it began. His bag was unable to hold its gas and when Donaldson saw himself headed into Lake Michigan and rapidly sinking at the same time he came to earth at Bay View in the southeast section of the city after a four-mile journey. The landing was made within a few hundred feet of the lake.  
Of the 12 participants only 11 are contestants, for one of the naval bags filled with helium and carrying a recently invented radio device being tested secretly is flying as a non-contestant. The greater lifting power of the non-inflammable helium made it unfair for this bag to compete with the others.  
The balloons were started by a gusty wind which carried them rapidly south by southeast. Special weather reports showed that as soon as an altitude of 2,000 to 5,000 feet was reached the big bags would be shifted into a northeasterly direction by a steady southeast wind. All pilots planned to take advantage of this air current, which would carry them into northeastern United States or southeastern Canada, provided they successfully negotiated the Great Lakes, looked on by pilots as the greatest peril of the hazardous flight.  
Virtually nothing was known here of five of the bags after they left, for they shot almost straight up into the clouds, which hung within five hundred feet of the ground, and disappeared. These balloons were the army bags piloted by Major Oscar Westover of Washington, Lieutenant James T. Neely of Ross Field, California, the helium-filled naval bag commanded by Lieutenant Commander J. I. Norfleet of Lakehurst, N. J., and the civilian entries of Ralph Upson of Detroit, Mich., and Bernard Von Hoffman of St. Louis, Mo.

**SOME BALLOONS HEADED SOUTH**  
The other fliers were visible for some time as they navigated their southwesterly course, making most of them maintaining an altitude of about 1,500 feet. Reports brought back to Milwaukee by airplanes said that some of these bags seemed to be switching somewhat into an almost due south path. Squalls which blew up at the start made the getaways extremely difficult. Donaldson particularly having trouble in getting away. His balloon, one of the smallest, was swept back and forth across the field and dozens of persons hung on to hold it to the ground. It repeatedly bumped into Upson's craft and narrowly missed the grandstand when it did get away.  
Major Westover, the second starter, made the nearest getaway of all. His army entry, loaded with life rafts, in case of a lake landing and camping equipment in case the wilds of Canada were reached, shot almost straight up. Within a few minutes it was out of sight in the clouds. He and Upson carried radio receiving sets and had arranged with scores of broadcasting stations to send them weather reports.

Upson also made a beautiful start and the neat appearance of his craft loaned him by the army, made him a favorite with the spectators. His balloon altho a civilian entry, is labeled "U. S. Army No. 2."

**DEPREDACTIONS AT  
JACKSONVILLE CEMETERY**  
Members of the cemetery commission have been greatly incensed over depredations at Jacksonville cemetery. Recently a fine bed of geraniums was planted and the very first night many of the plants were ruthlessly destroyed. There does not seem to be any reasonable explanation of such conduct.

The members of the commission have taken steps likely to result in the apprehension of any person guilty of such conduct. In the present instance the commission has authorized a reward of \$25 for the arrest and conviction of the person or persons guilty of his misdemeanor.

**EXAMINATION OF  
JURORS IN TRIAL

Court Overrules Motion of Defense to Quash Indictments

(By The Associated Press)  
QUINCY, Ill., May 31.—Fifteen of 16 prospective jurors examined in the trial of the 29 Greeks alleged to have murdered Sheriff Edward Lashbrook and deputies Carl Noff and Frank Utter of Frederick Illinois, April 28, were peremptorily excused and the other challenged for cause when the selection of the jury to hear the trial got underway here this morning. A special panel of fifty men was ordered by Judge Wolfe to report at 9 o'clock tomorrow morning. Of the 16 examined one had a fixed opinion concerning the guilt or innocence of the defendants.

When court opened this morning Attorney Walter Wright, chief counsel for the defense moved that the indictments be quashed, but was overruled. He then declared that the defendants would waive arraignment and plead not guilty.  
Work of selecting the jury was halted for a short time when Attorney Wright called attention to the fact that the sheriff of Schuyler county had made no returns on nearly forty witnesses for the defense and declared that if these returns were not made he would not continue the trial.

Attorney Paul Morning, state's attorney of Schuyler county, he prosecution assured Mr. Wright that the returns would be made by tomorrow and the selection of jurors continued.

P. T. Taylor, who for years published a weekly in Quincy, adopted the policy of speaking ill of no man in the columns of his paper. Unless he had something good to say he kept silent.  
What a wonderful rule of life that would be for individuals to adopt! It would work out with just as happy results as it did with this newspaper.

The Chicago Tribune the other day printed a column editorial to lead up to the statement that the Tribune believes it would be beneficial to the country if the laws were amended to provide for the manufacture of light wines and beer. The Chicago paper has said the same thing many times before without consuming so much space in explanation.

A city plan commission was favored by the Jacksonville citizens who gathered at the Chamber of Commerce rooms last night to discuss the matter. Experiences in

other cities justify the belief that a city plan will be a help toward growth. But along with the planning, this mental process, this picture of development, there must be some physical development. The situation calls for the faith of the practical type indicated some years ago by the Jacksonville man who said: "I am praying earnestly for the accomplishment of this project—and I mean to see to it that the prayer is answered."

Mr. Pinchot, Republican nominee for governor in Pennsylvania, frankly says that his campaign cost the sum of \$93,562, the greater part of which he paid himself. Now this is a goodly sum, but will probably occasion no criticism for the candidate, because no effort has been made to conceal the amount. In a number of instances in the past when there has been sharp criticism of political expenditures the reason has been not so much in the amount as in the effort to suppress the exact facts.

One could not be a patriotic American without having the greatest respect and admiration for Sgt. Alvin York, whose record in the world war is without parallel. Even so the sergeant is not quite as broad-minded as one could wish. He said recently that he had declined offers of \$1,000 a night to go into vaudeville, motion pictures or on the lecture platform, but that he would rather "die a pauper and homeless knowing that he was serving God and would have a home in heaven."

Certainly a man of Sgt. York's sturdy character need not be diverted from the path of righteousness if he did take up work in

one of the offered lines. A thousand dollars a day would quickly accumulate into a fund sufficient to be very helpful in developing the educational work in which this war hero is genuinely interested.

The country will watch with some interest the experiment of using a large group of prisoners from the Michigan state penitentiary in work in connection with an American Legion hospital building this summer. The men are to be placed on their honor for the summer months and are to be unguarded.  
If they are faithful to the trust imposed full pardons are to be granted. So many of the experienced prisoners have resulted disastrously that this last experiment will have the greater interest.

May 31. The fifth day in camp is begun, with rain. Yesterday was pretty hot but today is to be the coldest yet in camp.

The wiring of the cottage was begun yesterday under supervision of Mr. E. H. Gray with his son and two assistants. In the morning they gave a number of us a few lessons on the installation of electric lights, and at noon showed us how to get around Mr. Bartlett's good cooking, and returned to town just before supper. Mr. Findley has been giving a course in the meaning, value and practice of prayer at the round table. At the period of relaxation several of the boys read the novel, "The Virginian," and at the camp fire Mr. Findley is giving a course in H. I. Y. methods. The theme last night was "Faith," taken from the 54th chapter of John; so it will be seen that with all the fun and play we have, there is a healthful mixture of useful and valuable lessons received.

We had as honored guests yesterday Mr. Hackett and Mr. Goebel and families. In return pay for the use of our boats, Mr. Hackett is to treat us with plenty of ice cream for supper tonight.

A number of the boys digging a cave near the cottage have found several queerly shaped stones which are believed to be Indian relics. The shapes resemble a hand, tomahawk, a mortar, and an arrowhead.

This morning at the round table Putnam, Bentley, Danakin, Martin, Corbridge and our leader, Mr. Findley, received the sherpas for various things. Then to make we unfortunately forgot our pain, Mr. L. F. Berger invited us to take a moonlight excursion on the Julia Belle Swain tonight.

**NOTICE**  
Will all who expect to attend the alumnae banquet of Illinois Woman's College, June 5th, please notify Mrs. M. E. Gilbert, by Friday, June 2nd.

Mrs. T. U. Fox of Sinclair was down to the city yesterday.

**CHANGE OF VENUE IS DENIED TO ZACHARY**

Judge Burton in Circuit Court Denies Motion for Change of Venue in Case of S. T. Zachary—Many Docket Entries Made.

In the circuit court yesterday Judge Burton denied motion for a change of venue made in the case of Samuel T. Zachary, who is charged with the murder of Luther Crawford. The court had previously listened to argument on behalf of the defendant by William N. Hairgrove and for the people by State's Attorney Robinson.

About 160 affidavits had been filed on behalf of the people and 116 for the defendant. After denying the motion for change of venue on motion of State's Attorney Robinson the court set the case for trial June 13.

A motion for a continuance was entered by Mr. Hairgrove and the understanding is that argument will be had this morning on that motion. One reason which will be urged by Mr. Hairgrove is asking a continuance is the fact that John M. Butler, who is associated with him in the defense, is ill and has been out of the city for the past three or four weeks.

Mr. Hairgrove indicated that Mr. Butler's condition is improving but that he is not yet able to enter the trial of a case of this kind. In denying the change of venue Judge Burton said that he would have granted the motion if he thought it all likely that the defendant could not secure a fair impartial trial here in Jacksonville. The court stated that he had read the accounts of the killing in the newspapers, copies having been filed by the defense, and that he found nothing therein which he considered prejudicial to the defendant.

He said that he did not think the reading of these newspapers accounts need in any way bar a venieman from according the defendant a fair trial.

The court indicated, however, that he had given special consideration to the fact that both the defendant and Luther Crawford had lived in the southeast part of the county and that there were many parts of the county in which neither one of the men had any acquaintances.

The argument for continuance to be heard today and number of others matters disposed of before Judge Burton adjourns the court until the 12th day of June. He is to hold court in Macopin county next week.

**CITY PLAN FAVORED AT FORUM MEET**

City Council May Be Asked to Name Commission—Dr. Bartholomew Gave Interesting Facts About the Need for Vision in City Building.

Dr. Harlan Bartholomew, city plan expert from St. Louis, was in Jacksonville yesterday to address the forum of the Chamber of Commerce on the city plan commission. At this assemblage a resolution was passed favoring the appointment of a city plan commission.

Dr. Bartholomew met directors of the Chamber of Commerce and a number of other citizens at dinner given at 6:15 o'clock at the Pacific hotel. R. V. Kow, president and introduced Dr. Bartholomew, who spoke in an informal way of what has been done in a number of larger and smaller cities in the way of planning for future development.

At 8 o'clock the St. Louis man was the speaker at the forum meeting, which was well attended. Dr. C. E. Black, forum president presided. There was mass singing and then Dr. Bartholomew again presented the city plan subject. He declared that there is just as much reason for planning a city as there is for a building, that certain essential things must be taken into consideration if a city is built along the best lines. He suggested that, generally speaking, the problem of laying out or planning the city can be divided into six departments, first, streets; second, questions of transit, railway tracks, etc.; third, the handling of railroad tracks; fourth, provision for recreational spaces; fifth, zone division, portioning parts for residential and part for industrial districts; sixth, general treatment relating to the appearance of the whole city.

**Plans for Growing Cities.**  
He said that if a city is on the decline that it has no need for a city plan, that a plan applies only to a growing city. The speaker mentioned that cities, like individuals, have habits, and cited Salt Lake City as one where streets are 120 feet wide while in Memphis they are 40 to 50. In a city properly planned and operating under a zoning system a man does not build a home in a residential district and then find in another few years that a garage or store has been erected on a lot adjoining his property.

Under the zoning plan certain areas are devoted to houses, another area to business, a third to industries of one class and a fourth to industries of a heavier class, where noises or gases make them especially undesirable.

By example of what has been done in other cities, Dr. Bartholomew emphasized the thought that provision is necessary if there is to be any sort of symmetrical growth—that growth is much more apt to come if plans are made for it.

In the resulting discussion Mayor Crabtree, Dr. J. R. Harker, Harold Welch, Dr. Thomas Smith, Dr. F. P. Norbury, Morrison Worthington and Charles H. Story took part.

A resolution was adopted indicating the wish of the forum that the directors of the chamber of commerce use their influence with the city council to have a city plan commission established.

**How an EXPECTANT MOTHER Prepared for Baby's Coming**

DO YOU know that thousands of women never really suffer at child-birth? Perhaps you have thought with many others that this should always be the case. But how?

Let Mrs. Mattie Paul, of Ocala, Fla., tell you. She is one of thousands who has demonstrated this fact:

"As I am a young mother of one baby, I am writing for free booklet to 'expectant mothers.' I used only two bottles of Mother's Friend before I was confined and had a quick and easy time through labor. I can recommend Mother's Friend to all expectant mothers. I will never go through pregnancy without it."

You, too, can have this booklet for expectant mothers by sending coupon below.

**F. T. TAYLOR'S FUNERAL HELD WEDNESDAY**

Father of Jacksonville Man Had Long Been Prominent in Newspaper Work and Politics in Quincy.

The funeral of Fred T. Taylor of Quincy, father of A. L. Taylor of this city, took place at the Cathedral of St. Johns in Quincy at 2:30 o'clock Wednesday afternoon. The church service was preceded by a brief service at the house, 433 North Fourth street. Mr. Taylor, who was sixty-five years of age, had long been a resident of Quincy and was accounted one of that city's prominent men.

As editor and publisher, as a member of the board of county supervisors, as a leader in the county Democratic party and in other capacities, Mr. Taylor had been actively identified with the public life of Quincy.

The Herald of that city presented a picture of Mr. Taylor together with a sketch of his life. He was referred to "as a citizen with the progress and prosperity of Quincy deep-seated in his heart. Mr. Taylor had grown to be one of the best known citizens of Quincy."

Further facts with reference to the life and work of Mr. Taylor are taken from the newspaper article mentioned:

**Sixty Five Years Old.**  
"Born in Louisville, March 15, 1858, Mr. Taylor, at death, attained the tenth week of his sixty-fifth year. His father, William Thomas Taylor, came to Quincy in 1836, and followed the trade of painter. William Thomas Taylor was living in the south when the Civil war broke out and enlisted in the Confederate army. He was killed in an engagement with the Union army on Cumberland river. His eldest son met death on the battlefield of Shiloh. Fred Taylor was five years old when his mother came back to Quincy with her five small children. The husband and father had left no estate, and the mother struggled, as many another bereft of a husband's assistance, by the war, to rear her children.

"Fred took a job in a grocery store, to help his mother, and subsequently came to the Herald office, where he learned the trade of printer, working later as a journeyman compositor in this office and then on the Whig. Thrown into association with politicians, he became one of their number, espousing the cause of the Democracy and therein remaining steadfastly faithful unto the end. He became a member of the board of supervisors, representing the Town of Quincy, and was in his second term as such member when elected to represent the Quincy district in the Illinois general assembly. This was in 1885, and he reached Springfield in time to take part in the still memorable Logan-Morrison senatorial contest, one of the most bitter and sensational in the history of the state.

**Journal of Industry**  
"The Journal of Industry was launched on January 1, 1887, and has been published continuously ever since. While primarily intended as a labor paper, it lost its identity as an exclusive advocate of organized labor, and of more attention to politics in its editorial utterances, and to personal matters in its news columns. When there came an agitation of the open versus the closed shop, however, the paper stoutly supported the cause of the closed shopppers—the cause of the unionists. The Journal of Industry was peculiar to itself in the fact that it never spoke ill of anybody. Where commendation could not be said, silence was maintained; no condemnation found place in its columns. This was the editorial policy of Mr. Taylor, and it was his individual policy, as well. He saw good in everything, and spoke of and wrote of it, leaving to others the fault-finding and the bickering.

"Loyal in his friendships, Mr. Taylor gathered about him many loyal friends, and there was none to speak ill of him. In religious affiliation he was an Episcopalian, but his religion was liberal enough to endorse all denominational tenets and creeds. The current of his life ran smoothly, and when the end came it fittingly was one of peaceful peace, the last two days spent in sleep. Bright disease was the fatal malady, and it began to make its inroads on his constitution rapidly and irresistibly five weeks ago. Long prior to that time, though, his general health began to fail, and was noticed particularly while he was serving on the town board of review, a position he held for several of the last years of his life.

"Mr. Taylor is survived by his wife, three sons and a daughter. His wife was Miss Jennie Bloom when she became his bride, March 18, 1879. The sons are Addison L. of Jacksonville, Ill.; George A. of Gary, Ind.; and Newton C., motor car mechanic of this city. The daughter, Lois, is Mrs. A. B. Standiford, Charles Taylor, a brother, for years an employee in the department of printing and engraving of the national government at Washington, is now extensively engaged in the real estate business of that city. Two sisters, Mrs. M. A. Cruzan, of Des Moines and Mrs. T. S. Provost, at Seattle, Wash. Joseph Taylor, a brother, died at Chico, Cal., several years ago."

**DEATHS**

**Ellis.**  
Brief mention was made yesterday of the death of Mrs. James T. Ellis, which came at 3 o'clock Wednesday morning at the family home, 211 Pine street.

Mrs. Ellis had been in failing health for a number of months past, but her final illness extended over only a few weeks. Her condition the past few days had been critical and death was not unexpected.

The deceased was born August 25, 1860, the daughter of Thomas and Temperance Whitlock, well known residents of the Murrayville community in the earlier days. Her marriage to James T. Ellis occurred on Sept. 18, 1878, and their home was established on a farm near Murrayville.

The family home has for the past several years been in this city. The deceased was a member of the First Baptist church and was an active worker in various departments of the church. She was devoted to her home and family but also had a deep interest in the welfare of her friends and was ever ready to assist in time of need.

Surviving are the husband and five children: Herman Ellis, Mrs. George F. Stoldt, Elmer Ellis and Miss Bea Ellis, all of whom reside in this city. There also survive nine grandchildren and two half brothers.

**Aguar.**  
The death of Millicent Aguar, small daughter of Mr. and Mrs. Frank Aguar, occurred at 1:45 a. m., Wednesday morning at the family residence on North Prairie street. The little girl, who was 11 but a few days, succumbed to diphtheria.

Funeral services will be held at 2:30 o'clock this afternoon on the lawn of the residence, Rev. W. E. Spooner of Northminster church officiating. Interment will be made in the Jacksonville cemetery.

**Blue.**  
Mrs. Bertha Blue of 506 West Morton avenue, passed away Wednesday morning at 12:15 o'clock at the family residence. The remains were taken to the Gillham Funeral Home, where the body was prepared for burial. The deceased was born in 1880, and lived here all her life. The remains were taken to Waverly, where the funeral services will be held. Definite arrangements for the services have not yet been made.

**BALLOONIST IS UNCLE OF RESIDENT HERE**

Some local interest attaches to the fact that Warren Rasor of Brookfield, Ohio, who is a contestant in the national balloon race begun yesterday, is an uncle of Mrs. F. W. Schoeneman of this city. Mr. Rasor wrote his niece that one night recently he passed over Jacksonville enroute to St. Louis.

Only balloonists of national reputation are taking part in the big race.

**THREE GIVEN DIPLOMAS AT SCHOOL FOR DEAF**

Commencement Exercises Took Place Wednesday Night—Address Made By Judge Eagleton of Robinson—Col. Smith Presented Diplomas.

The graduating exercises were held for the class of 1922 in the chapel of the School for the Deaf last night. The address to the graduates was given by Judge J. C. Eagleton of Robinson, Ill., and the diplomas were presented by Col. O. C. Smith, managing officer of the school.

The members of the class this year are Walter Maack, Collinsville; Stanley J. Bondick, Rockford and Louis B. Massinkoff of Chicago. The stage was decorated in a handsome way with garden flowers and the hangings were in purple and white, the class colors.

Col. Smith introduced Judge Eagleton as a man who had been acquainted with the Illinois School for the Deaf since his boyhood days. The speaker said that one of his early recollections was when two of his playmates, deaf boys, were taken from Robinson to be students at the school here.

Dwelling on the necessity of laws, Judge Eagleton said that there is no station in life without rules. There are laws for the government, nation and states and none are more immutable than the laws of nature.

Continuing he said: "We have too many laws, but one thing we need to remember is that it is wrong to violate a law simply because we do not like it. Instead we should take steps to have the law repealed. There is no doubt that parts of our present system of government have grown old and should be revised. Real education brings out the best that is in men. When the great war came on, it was the educated man who assumed leadership. The war records prove that as a rule the college men and women had qualities of leadership which exceeded those of the untrained."

"As the aftermath of the war we find a disorganized nation and the problem of proper reorganization is ours to solve. One of the evils of the day which needs correction is that of tax evasion. Because of it unjust burdens are placed upon tangible property, while invisible property escapes."

In his address to the graduates Judge Eagleton said that nations, individuals and schools and all organizations are judged by the things they do. So, he said, graduates of the school for the Deaf will be judged in the same way. He said that their records in the past years justify the expectation that they would be useful members of society.

In awarding the diplomas Col. Smith said that the three graduates of the school had during their connection with the school showed the proper interest in things worth while and zeal for the real work expected of them. He said that real life was just beginning for them now and that while they would encounter stumbling blocks and adversities that their experiences and study in the school would be of value in meeting these conditions.

The program which was interspersed with music by the orchestra from the State School for the Blind, was as follows:

Music—Invocation—Rev. J. F. Langston.  
Salutatory and Essay, "The Illinois School for the Deaf"—Stanley J. Bondick.  
Essay, "The Value of Athletics"—Louis B. Massinkoff.  
Music—Address to Graduates—Judge J. C. Eagleton.

Scott it was announced that Miss Edith Rockwood of Chicago, secretary of the Women's Division of the League of Women Voters, will deliver the address of the day at the annual meeting of the County Federation to be held at Oak Lawn, June 8. The representatives of the different clubs in the county were entertained at the home of Mrs. Scott yesterday at a charming luncheon given at one o'clock. The Scott home was attractively decorated with garden flowers and after the serving of a delicious luncheon an important business meeting was held. Mrs. A. A. Curry, chairman of the program committee made a report and the plans for the annual meeting was discussed.

The affair will be an all day picnic at Oak Lawn and Mrs. W. T. Scott as president of the federation will make the opening address which will be followed by reports from the chairmen. Mrs. J. C. Grout of Winchester will make an address in the morning and at noon a picnic luncheon will be served. A tour of inspection of the sanatorium will be made in the afternoon and A. A. ## ATTENDED CONVENTION OF POSTOFFICE CLERKS

Alfred Leake Was Representative of Local Branch of the Association—Meeting Will Be Held Here in 1923.

Alfred Leake, of the local Post Office force, represented the Jacksonville branch at the State meeting of the United National Association of Post Office Clerks, which was held at Hoopeston, Illinois, Tuesday, May the 30th. He reports a very successful session there being about fifty delegates present from all parts of the state.

Addresses were made by the Mayor of Hoopeston, the secretary of the chamber of commerce there and the postmaster. Election of officers then took place, following which the books were audited for the past year. The delegates were then taken out for an auto ride thru the city and adjoining country. A splendid banquet was served at 6:30 o'clock in the Masonic Hall, which was followed by a theater party. This brought the events of the day to a close.

The state meeting next year will be held in Jacksonville, thru the effective efforts of Mr. Leake. It has been some eleven years since Jacksonville has been designated as the meeting place for the session. Since it is a more centrally located place than many other places where the meetings have been held, it is the belief of local men that city should bid fair to keep the convention here. Every effort will be put forth next year when the delegates arrive to give them a royal time. The National meeting of the U. N. A. O. P. O. C. will be held in Buffalo, New York, on Labor Day. The state president, of the association and one other delegate will represent the state at that meeting.

Actual enrollment already in hand indicates that there will be three hundred or more children present on the opening morning of the school. To parents or children interested but not yet certain about attending, this word of announcement is sent out: "Have the children go the first day. ## DON'T SQUEEZE BLACK-HEADS—DISSOLVE THEM

Squeezing and pinching out blackheads make the pores large and cause irritation—then, too, after they have become hard you cannot get all of them out. Blackheads are caused by accumulations of dust and dirt and secretions from the skin and there is only one safe and sure way and one that never fails to get rid of them—a simple way, too—that is to dissolve them. Just get from any drug store about two ounces of calomine powder—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly for a few seconds—wash off and you'll be surprised to see that every blackhead has disappeared, and the skin will be left soft and the pores in their natural position—anyone troubled with these unsightly blemishes should try this simple method.

AGED GREENE COUNTY RESIDENT IS DEAD

Mrs. Elias Doyel Passed Away at Wrights—Funeral to be Held Thursday—Lad Dies After Months of Illness.

WHITE HALL, May 31.—The death of Mrs. Dicy Doyel, widow of the late Elias Doyel of Wrights, occurred at 10:30 a. m. Monday in her home at Wrights, aged nearly 87 years. She was a native of Greene County, residing in Wrights township practically all her life. Her parents were David and Gilly Johnson. She and Elias Doyel were married about forty-four years ago, and he died on January 18th last. Their long married life is one of the fine examples of family ties, and they lived modestly and economically and acquired quite a large estate.

Their goodly qualities, too, were markedly apparent to all who came in contact with them. The only survivor is a son, W. Luther Doyle, residing in White Hall, one son having died before reaching maturity. The deceased was a member of the Hickory Grove Baptist church at Wrights, and there funeral services will be held at 11 o'clock Thursday, the discourse being delivered by the pioneer Baptist preacher, Rev. Thomas N. Marsh of Alton. The interment will be in Hickory Grove cemetery.

Funeral of Lad Held  
Influenza and pneumonia during the holiday season developed tuberculosis that resulted in the death of Herschel Spencer, age six years, son of Mr. and Mrs. Luther Spencer, residing on Carson street, at 9:30 p. m. Monday. Funeral services, conducted by Rev. L. E. Ellison, were held in the home at 10 o'clock today, and the remains were taken to Manchester for burial, where an uncle is buried, the family coming from Kentucky a number of years ago. The father of the deceased is an employee of the Federal Ice and Refrigerating Co. of Roadhouse.

Decoration Day guests at the Kendall home included Mrs. Minnie McKenzie and three children of Pine Bluff, Ark., Mrs. Annie Higbee and Mrs. Anita Madden of St. Louis. The Kendall family is planning to go to California next fall to reside.

## I. S. D. TEAM WINS FROM PEORIA 6 TO 5

Take Game By An Exciting Finish In the Ninth When Two Runs Were Put Over.

(By JOHNSON)

A sensational ninth inning rally enabled the I. S. D. to win over Peoria Manual yesterday. The game was the hardest of the season for the locals. For the visitors it probably was their hardest game, for the defeat makes their first, after winning nine straight games. This event has elated the supporters of the local nine.

The I. S. D. was the first to score. This was in the third inning. By extra base hits and a couple of bobbles they piled in four runs. The Peoria team after being puzzled by Carlson's slants for four innings hit the leather to the outfield, where the I. S. D. outfielders were unable to get hold of the ball till after the force of gravity drew it to the ground. They scored three runs.

By more hits in the sixth and eighth they wiped out the advantage of the I. S. D. to win the game.

In the I. S. D.'s ninth the score stood 5 to 4 in the Tractor City team's favor.

Taylor was first up. He was retired on strikes. Carlson sent a hot roller past the Peoria team's far corner man. This was the beginning of the ninth inning rally.

Massinkoff doubled to center; Carlson stopping at third Dillard was hit by pitcher filling the bases. Manner hunted in front of the pitcher's box. Carlson was out at the plate, but Massinkoff was safe at third Montegard was sent in to bat for Szoskowski. He hit to Brown, who threw wild to Kroll to catch Massinkoff at the plate. On the wild throw Dillard and Massinkoff scored, winning the tough fought game.

Massinkoff, captain of the local nine, starred in batting and fielding. Bonten put up an excellent exhibition at short for Peoria.

Bliss Mound is the next foe the I. S. D. will meet. The game will be on Saturday at Illini field.

Peoria:

bases. Mammen bunted in from the pitcher's box. Carlson was out at the plate, but Massink was safe at third. Montegard was sent in to bat for Szoskowski. A hit to Brown, who threw wild, Kroll to catch Massinkoff at the plate. On the wild throw Dilla and Massinkoff scored, winning the game for the visitors.

## STOCK MARKET HAS IRREGULAR SESSION

By Associated Press.  
NEW YORK, May 31.—Tendencies in today's irregular stock market were largely governed by developments in the final hour of Monday's session, and other happenings over yesterday's recess, including industrial mergers.

The decision of the supreme court declaring the Southern Pacific-Central Pacific combination invalid created further weakness in Southern Pacific shares, but Union Pacific, which may benefit by the decree was strong.

Reading, however, developed weakness on the ruling of the court which gives that stock no priority over the preferred shares in the distribution of the company's subsidiaries assets, while Reading first and second preferred scored extreme gains of 4 1/2 and 5 points respectively. Leaders among steels, equipments and motors were sluggish giving place to speculative issues.

Sugars, metals and several food specialties were bought on higher prices quoted for raw and refined commodities.

Sales amounted to 1,350,000 shares. Call loans opened at 4 per cent advance to 4 1/2 in the final hour.

#### A STORMY VISIT.

W. D. McCormick has returned from a visit with his son James in the vicinity of Winfield, Kansas. Mr. McCormick says while he was in Kansas in rained a good part of the time and once a violent wind did serious damage. It twisted his son's barn partly from its foundation, damaged some other buildings and utterly ruined a steel wind pump.

William is feeling quite complacent over the fact that out of his home garden he has had new peas and potatoes. The former were not very large but were very good, especially after the skillful
